Declaration of Vested Groundwater Rights

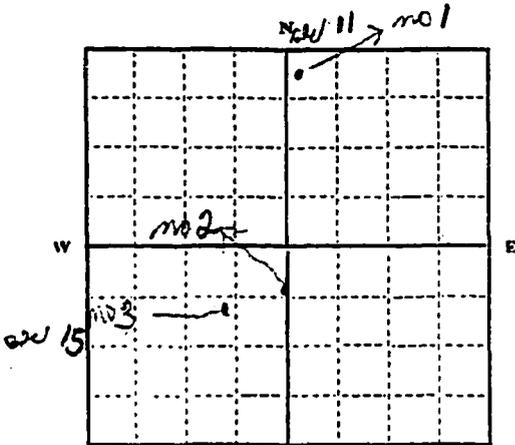

(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

1. Keith Ginter, of Fairfield
(Name of Appropriator) (Address) (Town)

County of Teton State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

NE 1/4 Sec 15 6 22
NW 1/4 Sec. 11 T. 6 R. 22

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based no 1 drilled well
no 2 - drilled well no 3 - spring
stock water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been March 1941 for no 1
March 1941 for no 2
no 3 started use 1955 in March
3 months each year

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 15 gallons per minute on
each well

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
not used

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal well pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.....

8. The depth of water table no 1 14 to 20 ft. no 2 - 60 ft well

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater no 1 drilled well - 5 in case 20 ft deep.
no 2 drilled 5 in case 60 ft deep.
no 3 - spring flow

10. The estimated amount of groundwater withdrawn each year no 1 - 40,000 gal. no 2 - 40,000 gal.
no 3 - spring - 150,000 gal

11. The log of formations encountered in the drilling of each well if available not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record no record

Signature of Owner Keith Ginter

Date Dec 30, 63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

1. George V. Hodgskiss of Choteau
(Name of Appropriator) (Address) (Town)
County of Teton State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based #1 Spring (water Livestock) #2 Well household use and irrigation of lawn and trees. #3 watering livestock (Well)

3. Date or approximate date of earliest beneficial use; and how continuous the use has been #1 July 1, 1961 #2 Feb. 1, 1937. #3 August 1, 1946
(All used continuously since start.)

4. The amount of groundwater claimed (in miner's inches or gallons per minute) #1 10 gallons per minute. #1 Spring 4,000,000 gallons per year. #2 well 500,000 Gallons per year. (10 Gals. per #3 well 500,000 Gallons per year. (3 gallons per Min.)

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof #2 SNE Section Ten, Twp. 22N., R. 6W.

NW 1/4 NE 1/4 Sec. 15, Twp. 22N., R. 6W.

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal #1 Spring NW 1/4 NE 1/4 of Sec. 15, Twp. 22N., R. 6W. #2 and #3 SW 1/4 NE 1/4 Sec. 10, Twp. 22N., R. 6W. #1 Gravity Flow.. #2 and #3 Electric Pump.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater #1 Spring developed in 1961. Gravity Flow into 3Ft. Steel Culvert. #2 Drilled Well in Feb. 1937. 6 Inch Metal Pipe with electric pump/ #3 Drilled Well in August 1946. Six Inch metal pipe with electric pump.
8. The depth of water table 20 feet. in both locations.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater #1 is a Gravity flow spring which flows at the rate of 10 gallons per minute into a 3 Ft. Steel Culvert and is then piped 175 ft. through 1 1/2 inch pipe into a 460 Gallon Tank and then runs down a natural coulee. #2 is an 85 ft. drilled well with 6 inch metal pipe to the surface pumped by an electric pump. #3 is a 100 ft. drilled well with 6 inch metal pipe to the surface pumped by an electric pump.

10. The estimated amount of groundwater withdrawn each year #1 4,000,000 gallon per year. #2 500,000 Gallons per year. #3 500,000 gallons per year.

11. The log of formations encountered in the drilling of each well if available None available at any of the three water locations.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record None.

Signature of Owner George V. Hodgskiss

Date December 30, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater 8-3-60

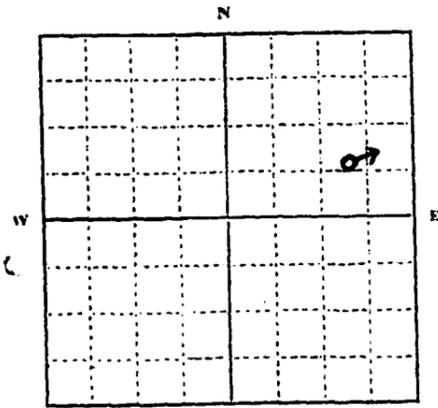

Owner H. W. Bateman, Jr. Address Choteau, Montana
& Hulda E. Bateman

Contractor (if any) Robert Swortzel

Address of Contractor Choteau, Montana

Date Started 7-27-60 Date Completed 8-3-60

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. Water collected in 40' of perforated tile about 10' below ground level. Water then piped approximately 145' to stock water tank.

NW 4 SE 4 NE 4 Sec. 17 T22N R. 6W
Indicate point of appropriation and place of use, if possible.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use 4 gallons per minute

Signature of Owner Hulda E. Bateman
H. W. Bateman Jr.
Date December 20, 1963.

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

1. Emil and Nora Jackson of Fairfield
(Name of Appropriator) (Address) (Town)

County of Teton State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1/4 Sec. 23, T. 22 N., R. 6 W.
Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based #1 Stockwater
#2 Stockwater #3 Stockwater #4 Stockwater
#5 Stockwater.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been #1 1915 (Yearly Since) #2 1959
(Continuously since) #3-#4-#5 all in 1945
used continuously since.

4. The amount of groundwater claimed (in miner's inches or gallons per minute) #1 1/2 Gallon per minute. #2 8 gallons
per minute. #3-#4-#5 2 acre feet of water
run off.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
None

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal #1 Bucket on rope
#2 Gravity flow spring. #3-#4-#5 run off
from hills and coulees nearby.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater #1 Dug well 1915. #2 Spring developed in 1959.
#3-#4-#5 Dirt fill dams across coulees forming reservoirs one acre in
size. Built in 1945.

8. The depth of water table water table is about 15 feet in all locations.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater #1 Dug well 18 ft. Deep Curbed with cobblestone
Dipped with a bucket. #2 Gravity Flow Spring piped with 4 inch pipe to
48 inch metal spring pot 150 ft. away. Then piped in 1 1/2 inch plastic pipe
300 feet to two 300 gallon tanks. Flows all the time. Run off goes down
coulee. #3-#4-#5 Are reservoirs one acre in size, built by placing dirt fill
dam across coulee. Water 8 Ft. deep in deepest place/

10. The estimated amount of groundwater withdrawn each year #1 40,000 Gallon. #2 4,000,000 Gals.
#3-#4-#5 2 acre feet run off water from each reservoir.

11. The log of formations encountered in the drilling of each well if available Not Available.

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater 10-26-63

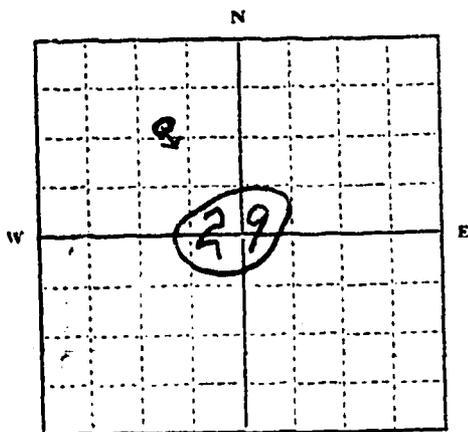

Owner H.W. Bateman, Jr. Address Choteau, Montana & Hulda E. Bateman

Contractor (if any) Robert Swortzel

Address of Contractor Choteau, Montana

Date Started 10-25-63 Date Completed 10-26-63

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. Water obtained by collecting in 24" of perforated tile approximately 4' deep. Water then piped approximately 200' to stock water tank.

SW 1/4 NE 1/4 Sec 29 T22N R6W

Indicate point of appropriation and place of use, if possible.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use. 3 gallons per minute.

Signature of Owner Hulda E. Bateman
H.W. Bateman Jr

Date December 20, 1963.

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater 1933 and 1943.

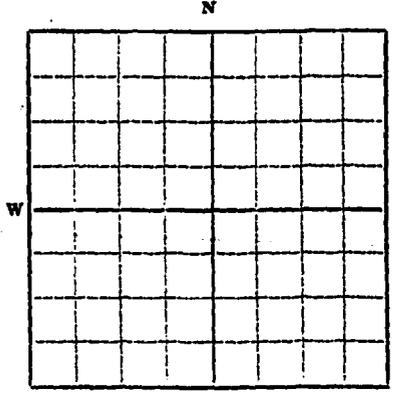

Owner Nick Vlinker Address Choteau, Mont.

Contractor (if any) Obert Peterson

Address of Contractor Choteau, Mont. (Now deceased)

Date Started April 1933 and 1943 Date Completed Immediately.

See plat attached.

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to

water when applicable. Depth is unknown as these are natural Springs, but appears to be shallow. Water holes dug and cleaned out for watering stock and 8 reservoirs constructed. Position of Springs and reservoirs shown on plat attached. At present some of the Springs are dry, due to drought conditions.

No irrigation.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermit-

..... 1/4 Sec. T. R.

Indicate point of appropriation and place of use, if possible.

tent estimate approximate lengths of periods of use

Water used continuously for livestock and domestic purposes, approximately 35 Miners inches. Water from the Springs and reservoirs, in addition to that from wells (shown on Form GW 4, sufficient for household use and to water 200 head of cattle the year around.

Notice of Completion of Groundwater Appropriation Without Well

Developed After January 1, 1962

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater Oct 1 1966

Owner W. J. C. ... Address ...

Contractor (if any) _____

Address of Contractor _____

Date Started _____ Date Completed _____

1) Describe means of obtaining groundwater (as by sub-irrigation, developed spring, drains, etc.) _____

2) Means of withdrawing water (gravity, pump, canal, etc.) _____

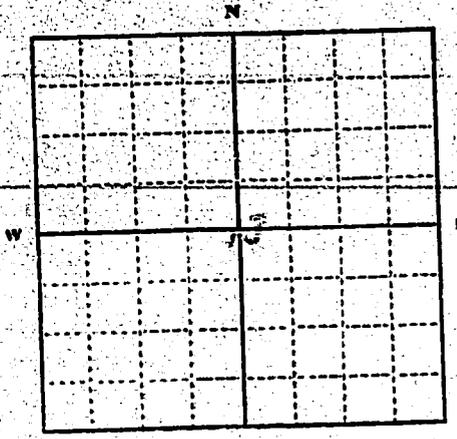

3) Depth of water table ...

4) Use of the water ...

5) Amount of groundwater claimed (in miner's inches, or gallons per minute) ...

6) If used for irrigation, give number of acres and description of land ...

7) Estimate amount of water used each year ...

Sec. 13 T. 13 N. R. 5 W.

Indicate point of appropriation and place of use, if possible.

Signature of Owner _____

Date _____

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

1. Lloyd J. Hodgkins, of Choteau,
(Name of Appropriator) (Address) (Town)

County of Teton State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

NW 1/4 20 Sec 20 T.22N R.5W

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based
domestic and limited ~~suspension~~ irrigation

3. Date or approximate date of earliest beneficial use; and how continuous the use has been
continuous use since 1914

4. The amount of groundwater claimed (in miner's inches or gallons per minute)
20 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
lawn and garden adjacent to well

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
1914

8. The depth of water table
10 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
dug well, diameter 6 feet, depth 12 feet

10. The estimated amount of groundwater withdrawn each year
quarter million gallons

11. The log of formations encountered in the drilling of each well if available
not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record
none

Signature of Owner Lloyd J. Hodgkins
Date December 11, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
